- ✓ 5*****Food Hygiene Rating

We are passionate about:

Education

Child Focus

Outstanding Service

Effective Teamwork

Professionalism

We believe that Children benefit from the environment and role models that we provide for them.

At TicTots we focus on teaching children how to handle themselves and their emotions, we support them in the development of communication skills and we aid their physical development to support each individual in reaching their full potential while preparing them for moving into more formal education.

A child's experience in the early years has a major impact on their future life chances. A secure, safe and happy childhood is important in its own right, it provides the foundation for children to make the most of their abilities and talents as they grow up.

Our fees are payable one month in advance for regular bookings and payments should be made by the first of every month, including if you are paying additional charges around Single Formula Funded places.

We accept nursery education grant bookings and voucher schemes from all reputable schemes but please check in advance to ensure we are registered with your scheme.

Please note an annual price increase takes place every January, the next one will be January 2013.
